President's Message

Greetings Cen-Tex Tin Lizzie members!

How did it get to be November already? The weather is nice. There are some fall colors showing. The clocks are changed. The heater may have come on once or twice. My Goodness!

There are several things on our Tin Lizzie plates.

Wings and Wheels happens this Saturday and for us it begins in Martindale with the gather beginning at 9:00 a.m. and drive off at 10:00. The weather is predicted as beautiful, sunny and cool. My bet is that the event will have a lot of participants, lots of airplanes, cars, motorcycles, and World War dressed folks. Could be the best one yet. I hope to see you there.

Tuesday, Nov. 16 is our last meeting of the year followed in December with our Christmas party Dec. 4. We of course meet at the Catfish Parlor on Ben White Blvd. Supper if you like at 5:30 and meet at 7:00.

The program is Andy Fish bringing us an update on the F1 Race data and interesting facts.

It's annual dues due time, so bring your \$ 15 and give it to Jan Donnell or mail it to her at 1801 Woods Loop, Driftwood, Tx 78619.

The Christmas gathering is scheduled for Dec. 4 at the Fleming Community Center in Elgin from 11:30 to 2:00. The meal is bar-b-que from Elgin of course. Each member cost is \$ 15, which you can turn in to Jan at the meeting or again mail it to her. A flyer is being prepared and will be sent shortly after Joe and Pat do some more gastronomic research on Tuesday!

The nominating report for the 2022 officers is being completed and will be emailed immediately for our consideration at the meeting this Tuesday.

Although I have not confirmed it, but will by meeting time, I suspect that there will again be a Brown Santa activity with an un-rapped gift to be brought to the Christmas party.

My tractor repair project is now a success with it running well. Now, I have to rehab the PTO system bearings, clutch and brake. The also good news is that the Romberg Garage Project is decked, sided, and super garage doors installed. Windows for it await arrival Dec. 7. Electrical, insulation, and paint will follow. Well, it keeps me out of the bars! And it now keeps the two cars and tractor essentially dry.

See you Tuesday at the meeting.

Tom Romberg,
President
